## RELATIONSHIPS - ROMANTIC

---

*The following is a series of general questions on romantic relationships. As this questionnaire is for an article on TCK relationships that will be published on CultureHoney.com, please use discretion in discussing your relationships.*

### GENERAL

#### How would you best describe your dating history?

You prefer to "hang out" or "hook up." You're looking for fun, not commitment.

You've gone on a lot of first dates. There just never seems to be any second dates.

You fall fast and you fall hard. Until it's time to break up, at which point you move on really quickly.

You'd rather be single. Dating is awkward and unrewarding.

When you are in a relationship, you are committed. You might not be concerned with marriage yet, but you're monogamous and okay with a long-term relationship.

You want marriage, kids, and a future. You aren't wasting your time on anyone who isn't marriage material.

**Have you ever had a long-distance relationship?**  Yes  No

**On a scale of 1-10, with 1 being "distant" and 10 being "intimate," how close was your long-distance relationship?**

1      2      3      4      5      6      7      8      9      10

**Have you ever been accused of being too intense in a relationship?**  Yes  No
